Lots 24 to 30 CREDIT INDIAN RESERVE

lot 24, Con. 2.

1850

CHARLES SHAW

In Rowsell's 1850 directory as Land or Householder.

1853 Crown Land Letters

Toronto, 16 May, 1853.

The Hon. John Rolph,
Com. C'n. Lands.

Sir,

In the year 1816 the Government granted to the late William Lee the Broken Lot 24 in the first and second Concession North of Dundas Street adjoining to and in the Northeasterly side of the Indian Reserve on the River Credit, 50 acres. In 1819 W. Lee sold these premise to H. J. Boulton for £50 and I am now interested in the same. Some time ago it was discovered that there was no such Lot or angle and in fact where these lots were ascribed to be -- Under the circumstances it is submitted that parties who have paid value for lands granted by the Crown or rather assumed to be granted, have a claim for compensation in some way - the amount actually paid in 1819 was £50 which with simple interest would amount near to £152. I am not aware whether there be any permission for such a case as this, that compensation in money could be made, but if not the party interested might be allowed to purchase the lands often for sale by the government to the extent of the present claim. It cannot be that parties buying upon the strength of a Government Patent would be suffered to be losers for a small amount.

I beg to bring the matter under your notice and trust to your sense of Justice to see the parties

Your very Hble. Serv't.

C. Gamble.

Con. 2, N. D. S. Lot 24.

EXTRACT from a Report of a Committee of the Honorable the Executive Council on LAND APPLICATIONS, dated 5th July 1851, approved by His Excellency the Governor General in Council on the same day -

On the application of the Honble. Henry I. Boulton representing that he purchased from the late Dr. William Lee, a certain grant made to him as the Broken lots numbers Twenty-four, in the first and second Concessions, North of Dundas Street in the ~~Toronto~~ ^{town} of Toronto, that it appears from actual Survey that no such piece of land exists, he therefore prays that Scrip issue to him to the value of the same as wild land, or that he may be allowed to locate land to an equal extent and value elsewhere.

The Committee are of opinion that the Applicant's claim is barred by the 28 section of the Act 4 & 5 Vic. Cap. 100, which enacts that claims of the nature of that now preferred must be made within five years from the date of the Letters Patent granting the land found wanting or deficient - they do not therefore recommend the prayer of the Petition.
